

Callback

Hosted White Label Solutions for VoIP Service Providers

Easy-to-use Callback Services for your Customers

Telinta offers a cloud-based solution that enables you to run a profitable privately branded VoIP Callback business. Your customers can trigger a Callback session via a variety of methods or devices, quickly receiving a call back prompting them to dial an economical long distance call using your VoIP service.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to Callback, all under your own brand.
