**Hosted White Label Solutions for VoIP Service Providers**

## A Web-Based Solution for Call Shops

Telinta offers a unique web-based solution for you to provide white label Call Shop services, custom branded for every Call Shop you run. You have full control over each booth, with the reporting and other functions you need to closely manage your business. Our web-based solution can be operated with any web browser, without installing special software.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to Call Shops, all under your own brand.
