

## SIP Trunking

**Hosted White Label Solutions for VoIP Service Providers** 

# SIP Trunking Solutions for Your Business Customers

Telinta enables VoIP service providers to quickly deploy SIP Trunking for either IP PBXs or legacy PBXs. Our hosted solution for SIP Trunking enables you to successfully transform your business customer's operations into a streamlined all-IP network.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to SIP Trunking, all under your own brand.

Cloud-based, rapid deployment, with no capital investment

Best-of-breed SIP Trunking technology

Highly stable, scalable and customizable platform

Ready-to-use turn-key VoIP solution

Your own VolP termination and DID providers

Comprehensive Training and Around-The-Clock Technical Support
